KEILHAUER INTRODUCES THE TOILE PARTNER CARD

The Toile textile family is the sixth partner card between the North American furniture manufacturer and LDI Interiors

February 15, 2024 (Toronto) – Keilhauer is excited to announce the launch of Toile, a textile partner card manufactured by LDI Interiors, a company known for focusing on durable upholstery that contributes to healthier commercial interiors.

Toile is part of LDI's Envirowoven™ collection, featuring bleach cleanable, silicone-coated wovens that have liquid barrier backings. All Envirowoven™ textiles have a soft, inviting hand and the functionality of a coated material.

“We are pleased to once again partner with LDI Interiors to provide our clients with one of their world-class textiles,” says Maggie Keilhauer, Product Manager. “Toile has a premium look and feel, which is only enhanced by its impressive durability and carefully-considered construction.”

Toile is comprised of 94% polyester, 4% polyurethane and 2% silicone. This combination of materials results in an incredibly durable and versatile fabric that possesses the dimensional texture of a woven with the durability of a coated fabric. Toile is ideal for high-traffic spaces such as lobbies, healthcare and education spaces, and more.

Toile is available in nine beautiful and enticing colorways, all inspired by elements of nature: Brook, Cider, Currant, Lagoon Breeze, Ore, Raven, Silver, Silversea and Starling. Toile is a Grade C textile, and is capable of withstanding 100,000 rubs.

KEILHAUER

Other Performance Advantages:

- Outstanding abrasion resistance and durability
- Superior chemical resistance
- Designed for comfort
- Impervious to fluids
- Superior seam and tear strength
- Stain resistant and cleanable
