\*Removal of most denim dye may vary depending on the quality of dye and the period of time the stain sets in. Dye transfer is difficult to control, not always preventable, and may be irreversible. (Concept Pro Only)

Ultrafabrics' collections meet or exceed ACT Voluntary Performance Guidelines.

Please note that Ultraleather contains DMF levels below the Ultrafabrics' established safe harbor level when used in furnishings within residential, classroom, and office settings. Ultrafabrics shows no adverse exposure to DMF exists, therefore Ultraleather would not require a Proposition 65 DMF warning label. For all other Ultrafabrics' products, a Proposition 65 warning label for DMF is required.
